

The Melting Pot

Hi do you like eating out? I sure do! My favorite place to eat is The Melting Pot. I love eating at The Melting Pot because they have great service, great food, and wonderful deserts.

When you first walk into The Melting Pot you know that you'll be in good hands! They have very good service and are nice, and help you decide what you want. They'll bring you to your table and give you time to decide what you would like to eat. Once you order they'll bring the ingredients very fast! You can watch them make the food and it'll be done in a few minutes.

They well bring you a menu and you well decide what kind of cheese. They well get the cheese you ordered and mix it all together till it's done. They well bring out different kinds of bread, green apples, and broccoli. Once you're done eating the cheese they well give you a few minutes to decide what meats you want. Once you chose they well go get the meats and tell you to cook them for 10 to 15 minutes. Or when they look cooked. Once you're done cooking you're ready to eat! Once you're done eating the meats you head to deserts!

Ah, the deserts my favorite thing about The Melting Pot. The waiters well give you a menu for the deserts there are many different kinds of chocolates on there. Once you pick your chocolate then they well get out the pot they used for the meat but don't worry it clean! The put the ingredients in the pot and start to cook the chocolate. When they are done cooking the chocolate they well bring out marshmallow, tiny cheese cakes and brownies and all sorts of things to dip in the sweet chocolate!

Even though I don't go out to eat a lot when I do. I always hope I get to go to The Melting Pot!
